

# 2025 STATEWIDE SERVICE DIRECTORY

Serving Texas  
Families

 **888.450.TCFV (8238)**

 [www.tcfv.org](http://www.tcfv.org)

 [membership@tcfv.org](mailto:membership@tcfv.org)

**As the statewide membership coalition,** the Texas Council on Family Violence (TCFV) represents family violence service providers, for-profit and non-profit agencies, government entities, and individuals dedicated to fulfilling our shared mission of building a safer Texas. Our membership reflects the vast diversity of Texas, with members providing a variety of community-based approaches to preventing and responding to family violence.

As a membership-focused organization, TCFV serves as the unified voice before the Texas legislature on behalf of family violence survivors and service providers to support laws in the movement to end domestic violence. TCFV is firmly committed to serving its members, communities in Texas, and survivors and victims of family violence and their families. TCFV hosts an array of dynamic signature conferences, regional meetings, e-learning, and in-person training, throughout the year to support the capacity-building of member and non-member programs.

Learn more about membership  
at [www.tcfv.org/membership](http://www.tcfv.org/membership)

# Serving Texas Families

The TCFV Statewide Service Directory includes family violence service providers, Battering Intervention and Prevention Programs (BIPPS), and community partners in Texas. Each listing will include the criteria for each respective agency.

## FAMILY VIOLENCE SERVICE PROVIDERS

In Texas, there are nearly 100 family violence service providers, including TCFV's member programs. Family violence service providers offer an array of critical (no-cost) services to family violence survivors and their families, which may include:

### Crisis Services

24/7 emergency shelter and crisis line services. For more information, visit: [www.tcfv.org/find-help/survivor-resources](http://www.tcfv.org/find-help/survivor-resources)

### Children's Advocacy

Providing information, understanding, support, and assistance to address the needs of children who are victims or are children of victims, including efforts to reduce barriers to services within systems and communities.

### Support Groups and Counseling

Individual and group counseling sessions for survivors, children, and youth, such as Child Protective Services.

### Advocacy Services

Safety planning and exploration of economic, legal, and housing options with trained advocates. Also includes assistance navigating related systems.

### Housing

Free or reduced-rent apartment or rental: units for 12-24 months, along with supportive services to heal from trauma and secure permanent housing. For more information, visit: [www.tcfv.org/housing-beyond-shelter](http://www.tcfv.org/housing-beyond-shelter)

HHSC-Funded Family Violence Service Providers: Comprehensive Services

HHSC

The family violence agencies funded by HHSC must provide comprehensive services to survivors, as outlined in the Texas Administrative Code (TAC), as well as follow a detailed survivor-centered set of regulations.

TCFV provides **technical assistance, oversight, and training** to accredited and funded Battering Intervention and Prevention Programs (BIPPs). The BIPP providers listed in this directory are funded by the Texas Department of Criminal Justice Community Justice Assistance Division (TDCJ- CJAD) and/or are TCFV members. Texas law provides that a court may require certain individuals to attend and complete a BIPP, which has been accredited under CCP Article 42.141. Courts who opt to order BIPP are required to refer to accredited programs. The program or professional must comply with TDCJ-CJAD guidelines,

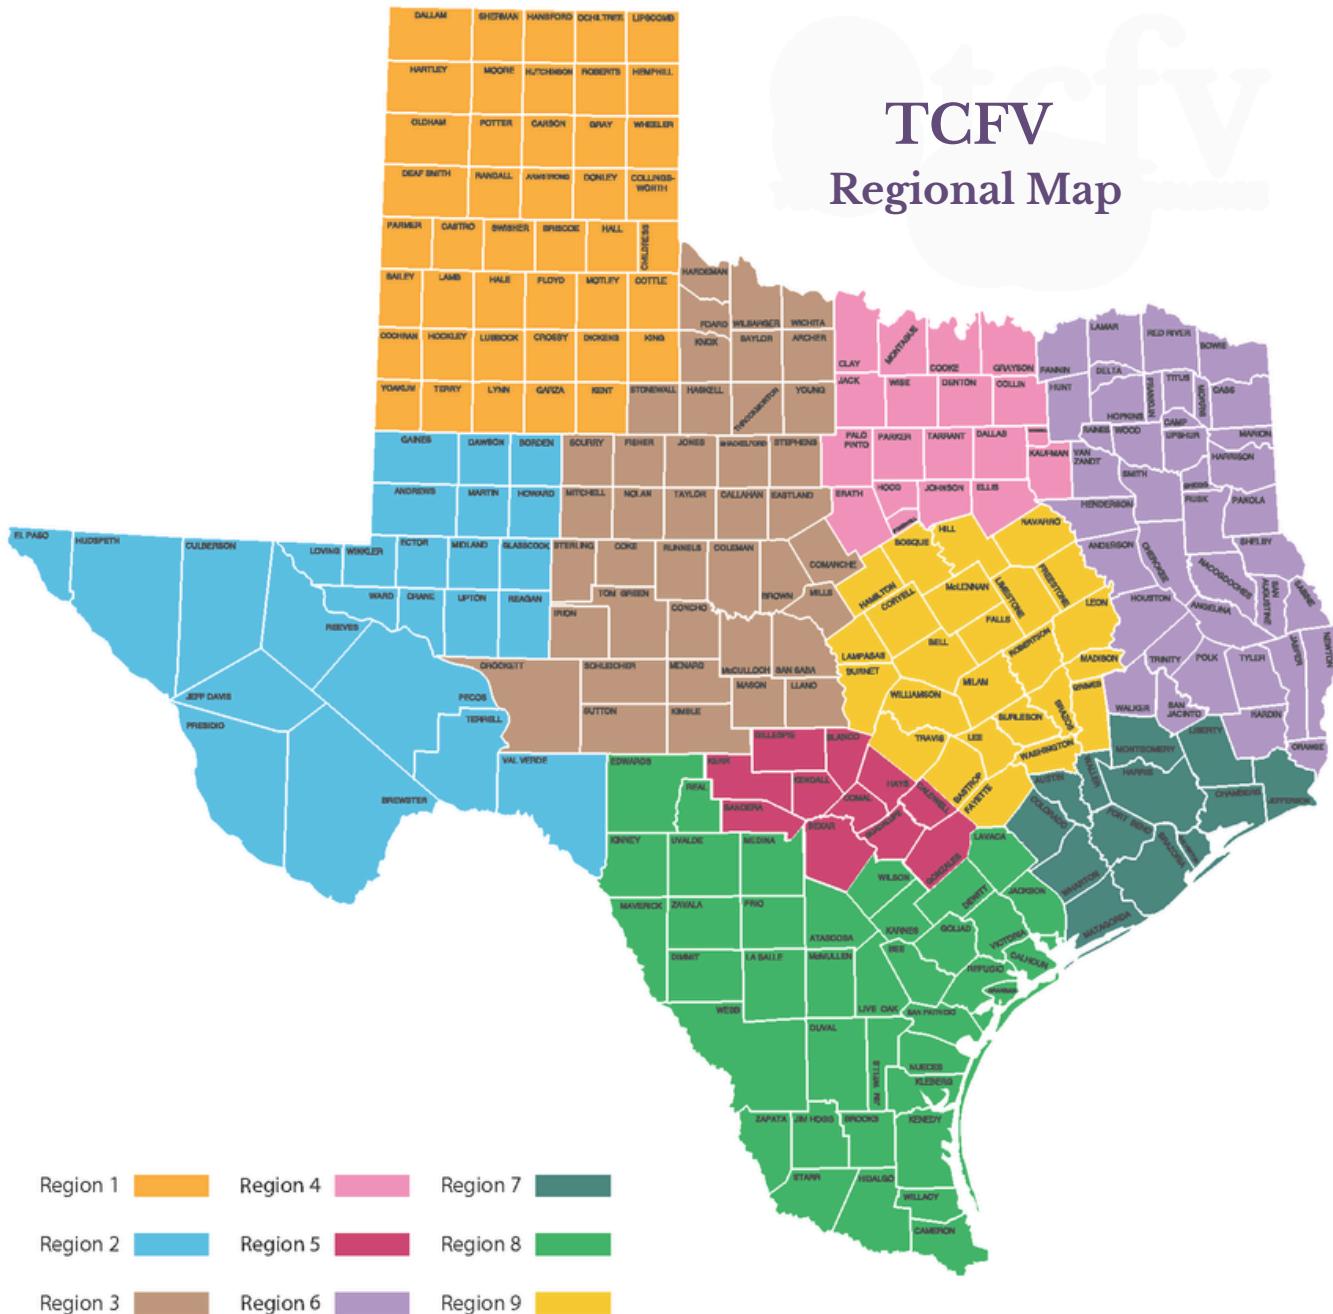

including:

- Complete **25** battering intervention training hours and **15** family violence hours
- Conduct **Federal and State** Criminal Background Checks
- Provide at least **36 hours** of group intervention, with a minimum of **18 weeks**
- Promote the safety of victims and hold offenders accountable by directly challenging, educating, and addressing the attitudes, beliefs, and entitlements that contribute to their violent behavior.

BIPP providers utilize a curriculum based on an intervention model recognizing intimate partner abuse as resulting from choices where one person systematically uses tactics of coercive control and violence to maintain power and control over the other. In doing so, BIPPs place the responsibility for behavioral change upon each offender to foster non-violent behaviors in relationships. For more information on the TDCJ-CJAD state guidelines and more information on the TDCJ-CJAD funded BIPPs, visit:

[www.tcfv.org/program-resources/bipp-facilitators](http://www.tcfv.org/program-resources/bipp-facilitators)

Community Partner members support the TCFV mission and include government entities, faith-based and educational institutions, and other organizations and businesses committed to ending family violence.

# To all of our members, thank you.

Both our individual and organizational members play a crucial role in the work of TCFV. Our members are a strong, unified voice before state and federal legislatures who provide essential knowledge of what is needed in their communities and show widespread support for the movement.
