One In the Movement: Aiding Essential Advocates

TCFV is pleased to announce its One In the Movement (OIM) live, virtual events for FY 2027! These webinars provide your advocacy staff with help and guidance for the work they do with survivors.

One In the Movement is a multi-tier approach to training and delivering essential resources to new and tenured advocates working in family violence agencies. OIM is available to family violence service program staff, and training is offered free to HHSC-funded programs and members of the Texas Council on Family Violence. Ensure your staff are trained and encourage them to attend these engagement opportunities.

OCTOBER 2026

HOW TO REGISTER

All virtual event registration is through Coalition Manager (CM) and opens six weeks before each event. Announcements go out through the OIM, Executive Directors, and Program Directors listservs. Keep an eye on your inbox, and be sure staff are added to your program's CM account!

Reminder: OIM sessions do not qualify as TDCJ-CJAD approved training hours for BIPP professionals.
